

DTECH CONSUMER/STANDARD LIMITED WARRANTY
Effective March 14, 2016

The DTech Consumer / Standard Limited Warranty applies when DTech products are used by non-professional or do-it-yourself installers. If you are a professional installer, please see the DTech Professional Installer Limited Warranty.

COVERAGE

1 Year - Unlimited Miles⁽¹⁾

Product determined to be defective in material or workmanship, will be replaced or credited.⁽²⁾

Warranty period begins the date of product purchase by the consumer.⁽³⁾

CONDITIONS

(1) The following products have a warranty period different from the standard 1 Year Unlimited Mileage term:

DT650005 (DT19209057) 6.5L Pump Mounted Lifetime Warranty
Driver (PMD)

(2) This warranty applies to product used under normal operating conditions and service. Repairs, modification, disassembly, or any other alteration of DTech products from their original condition are not covered by this warranty. Warranty will not be extended to failures caused by incorrect installation or application, modification, contamination, negligence, or abuse. The warranty does not extend to repair / replacement time, diagnostic time, incidental or consequential damages.

(3) A copy of the original product purchase invoice is **required** to be submitted with any warranty claim in order to establish the beginning of the warranty period. If the original invoice is not provided, then the warranty period will be 1 year from the date of product manufacture.

This warranty gives you specific legal rights. You may also have other rights which vary by state. This revised warranty policy is effective for all DTech product sold on or after January 1, 2016.

DTech Privacy Policy: The information asked for when submitting a warranty claim is used only for the purposes of evaluating the claim only. Information provided will not be used for any sales or marketing purposes.
